Amdt. dated 01/17/2006
Response to Office Action of 10/14/2005

Attorney Docket No.: E1972-00001

1 14. (Original) The reconfigurable decorative lighting unit as in claim 7, wherein said
2 plurality of interchangeable decorative adornments provide a first appearance to said
3 decorative lighting unit and are repositionable on said decorative lighting unit to provide
4 a second appearance to said decorative lighting unit.

1 15. (Currently Amended) A method for cleaning a decorative lighting unit comprising:
2 providing a decorative lighting unit with a plurality of removable adornments,
3 each including a magnet and said plurality of removable adornments being magnetically
4 coupled to said decorative lighting unit simultaneously;
5 removing said plurality of removable adornments by pulling to disengage said
6 magnet;
7 cleaning said plurality of removable adornments; and
8 recoupling said plurality of removable adornments to said decorative lighting unit.

1 16. (Currently Amended) A method for changing the appearance of a chandelier
2 comprising:
3 providing a chandelier with a plurality of removable adornments, each including a
4 magnet and said plurality of removable adornments magnetically coupled to said
5 chandelier simultaneously;
6 removing at least one of said plurality of removable adornments by disengaging
7 said magnet;
8 replacing each of said at least one of said plurality of removable adornments with
9 a corresponding further magnetic adornment; and
10 magnetically coupling said at least one further magnetic adornment to said
11 chandelier.

1 17. (Original) The method as in claim 16, wherein said coupling comprises
2 positioning at least one of said further magnetic adornments at a location not
3 previously occupied by said removable adornment.
